## Chapter 1 by Bam

One day, a lonesome child of the legion of PC Master Race was troubled by his sorrows. He had just encountered a fair maiden of the school kingdom near the recreational tables. His friend Leroy, being from the same district, decided to engage in bringing the two "lovers" together. For many days, this activity continued to proceed, until he realized that the hypeless PC Gamer child, or Conner, was far from, if even, talking to his crush. The closest he got was befriending her, or Zxyla, so, Crapbook user Jay decided to step up to the platform, and tell Zxyla for Conner. This ceremonial action proceeded with Jay pointing at Connor and yelling the exact words "He likes you!", so, Connor was enraged by Jay's actions and decided to ignore him for some days.

## Chapter 2 by Bam

The next week, Connor was less cross at Jay, so he decided to give being his friend again a shot. The very same day he did so, however, Connor gained the courage to ask Zxyla how she felt.
